**The Believer's Benefits**  
**Tim Kallam**

**Scripture:** Romans 5:1-11

**Theme:** Through God's grace towards us in Christ, we receive certain life changing benefits.

**Questions:**

1. Tim described our peace with God as an objective truth with a subjective experience. Reflect and discuss how the objective reality of our peace with God leads to experiencing the peace of God.
2. Our access to God is something we have earned or something that we take. It is granted to us by the Son. How are we emboldened to enter into God's presence by Christ?
3. In Christ we have a hope and assurance that God will put all things right in the world. How does this certain hope we have in Christ impact your life in the here and now?
4. One of the ways our hope in Christ impacts our lives is giving us the ability to rejoice in the midst of personal suffering. Reflect and share how you have been able to rejoice in the midst of suffering and the long term effects that suffering had in your life (endurance, character, and hope)?
