Help Wanted
Romans 7:14-8:2
Tim Kallam

1. Are Romans 7:17 & 7:20 an excuse for us to keep sinning? Why or why not? Is it possible for us to stop sinning?
2. Discuss the difference between what our culture tells us about self-improvement/self-help and what Scripture teaches. See Romans 7:24-25. Also, name some reasons why we think we can change/improve on our own?
3. Read Romans 7:14-20. Does this passage about sin encourage or discourage you? Which do you think was Paul's intent, when he wrote these words?
4. Read Romans 8:1-2. Do you live your out your life focused on these verses? Or do you constantly condemn yourself for your sins? What attitude does God want us to have toward our sin and His grace? See Romans 6:22.
5. How can you use your own struggles with sin to encourage someone this week?
